

DARE TO COMPARE

Experience the best essential oils in the world—
and discover the dōTERRA® difference.

Considered “gifts of the earth”, essential oils have profound benefits for the body, mind, and soul. Essential oils can uplift mood, ease discomforts, and soothe the mind. But only high quality essential oils can produce the greatest therapeutic benefits.

dōTERRA essential oils are CPTG Certified Pure Therapeutic Grade®, which guarantees complete purity, the absence of any contaminants, pesticides, or chemical residues, and the presence of active compounds at the right levels. Sourced from around the world and acknowledged as the superior of various strains produced in their respective regions, dōTERRA essential oils are the highest quality essential oils available on the market.

dōTERRA's CPTG® Lavender comes from the high-altitude regions of France and is considered the best of the French Fine lavenders.

dōTERRA's CPTG® Lemon comes from cold-pressed premium Italian lemons, and contains a wider array and concentration of active compounds than other varieties.

dōTERRA's CPTG® Peppermint comes from peppermint plants grown and harvested in Washington state—these plants contain a higher concentration of menthol than peppermint grown in other regions of the world.

We are so sure you will recognize the superiority of dōTERRA's essential oils upon first experience, we will trade you any empty bottle of your Nature's Sunshine, Be Young, Forever Green (TruEssence), Young Living, or Butterfly Express Lavender, Lemon, or Peppermint essential oil for **THREE** 5 ml bottles of our CPTG Lavender, Lemon, and Peppermint essential oils.
